

KAPLELACH FREE MEDICAL CAMP REPORT

Venue: CRC Church, Kaplelach, Esageri, Eldama Ravine

Tuesday, 30th June 2026

EXECUTIVE SUMMARY

The Home of Light & Love Foundation, in partnership with **Bloom Hospital** and **Tabenacle Widows Home**, conducted a Free Medical Camp at **CRC Church, Kaplelach, Esageri, Eldama Ravine** on **Tuesday, 30th June 2026**. The camp was hosted by CRC Church, Kaplelach.

61 community members received free medical services. Though the numbers were modest, the spiritual impact of this camp was the most significant yet — **5 souls gave their lives to Christ**, the highest number recorded at any single camp since the Foundation began integrating the Pastoral Care Desk alongside medical services. **25 patients** were personally prayed with and ministered to.

To God be all the glory. 🙏

1. EVENT DETAILS

Date	Tuesday, 30th June 2026
Time	8:00 AM – 3:00 PM
Venue	CRC Church, Kaplelach, Esageri, Eldama Ravine
Host	CRC Church, Kaplelach
Organizing Foundation	Home of Light & Love Foundation
Medical Partner	Bloom Hospital
Community Partner	Tabenacle Widows Home
Pastoral Desk	Pastor Andrew

2. SERVICES OFFERED

- General Consultations
- Gynecology Check-Up
- Eye Check-Up
- ENT Check-Up
- Urology
- Blood Pressure & Sugar Testing
- **Pastoral Care & Spiritual Ministry**

3. PARTICIPATION & STATISTICS

Total Patients Seen	61
ENT Cases Booked	1
Cataract Cases Booked	3

Other Specialist Bookings	—
Patients Prayed With	25
✚ Souls Born Again	5

4. ACTIVITIES CONDUCTED

a) Medical Outreach

Bloom Hospital's medical team delivered professional care across all service areas. Patients presenting conditions requiring specialist attention were booked accordingly for follow-up care.

b) Pastoral Care Desk

Pastor Andrew manned the Pastoral Care Desk single-handedly throughout the day. Of the 61 patients seen, **25 were prayed with** and personally ministered to. Of those, **5 gave their lives to Jesus Christ** — the highest salvation count at any camp since the Foundation began. This is a testament to what God can do through one faithful servant who simply shows up and is available.

5. OUTCOMES & IMPACT

- **61 community members** received free medical care in a location that rarely, if ever, sees such services
- **3 cataract patients** and **1 ENT patient** booked for specialist care at Bloom Hospital
- **25 patients** ministered to personally at the Pastoral Care Desk
- **5 souls born again** — a new record for the Foundation's medical camp ministry 
- The camp reached a remote, underserved community that is far from the main road and surrounded by forest — a community that needed to know someone cares

6. HIGHLIGHT OF THE DAY

5 souls. One pastor. A church next to a forest.

The numbers were low. The road was difficult. Lunch and breakfast for the medical team was a struggle. The venue was hard to find. But Pastor Andrew stood at that desk, and 5 people walked away knowing Jesus Christ for the first time.

If this camp had reached only those 5, it would still have been worth every mile of that impassable road.

The harvest is not always where the crowd is.

7. CHALLENGES FACED

i. Poor Community Mobilization

The camp's location — far from the main road, next to a forest, deep within Kaplelach — made it inherently difficult to reach large numbers. Compounding this, the community had little to no awareness that a camp was coming. Even the church's own pastor was unaware of the event. A church elder had the information but did not communicate it broadly or clearly enough. This directly resulted in the low turnout of 61 patients.

ii. Inaccessible Venue

The road to CRC Church, Kaplelach was in poor condition and largely impassable. This was a barrier both for the medical team getting equipment in

and for community members — especially the elderly and unwell — reaching the camp.

iii. Meals for the Medical Team Not Secured

Lunch and breakfast for the doctors and medical staff was not properly arranged in advance, creating unnecessary strain on the day. The medical team's welfare must be a non-negotiable part of every camp's pre-event planning.

iv. No Foundation Camera / Media Team

The Foundation once again had no dedicated camera or media volunteer on the ground. Photos were taken with the help of Bloom Hospital's team. Video testimonials — especially from the 5 who gave their lives to Christ — were not captured. These are stories that deserved to be told and preserved.

8. RECOMMENDATIONS & CONCLUSION

I. On Community Mobilization:

Before any camp, the **hosting church's senior pastor must be personally briefed and fully on board** — not just an elder or committee member. The pastor is the most trusted voice in any congregation and community.

Without their active involvement in spreading the word, turnout will always suffer. A formal pre-camp engagement visit or call must be made directly to the pastor at least **2 weeks in advance**.

II. On Venue Assessment:

Going forward, a **venue assessment** should be conducted before confirming any camp location. Key questions: Is the road accessible? Can the elderly and unwell reach the venue easily? Can the medical team transport equipment in? If a venue fails these basic tests, an alternative location closer to the community should be found.

III. On Meals for the Medical Team:

A **meals budget or arrangement** must be confirmed and locked in before every camp. The doctors and nurses who give their time and skill deserve

to be well fed and cared for. This should be part of the pre-camp checklist without exception.

IV. **On the Pastoral Care Desk:**

5 salvations from one pastor at one desk is remarkable. Now imagine **2 or 3 pastors** at the desk, with more time per patient, and the freedom to minister as deeply as the Holy Spirit leads. The Foundation should continue strengthening this desk at every camp. Going forward:

- Every camp should have a minimum of **2 pastors at the Pastoral Desk**
- A **salvation register** must be maintained — capturing names and contacts of those who give their lives to Christ for discipleship follow-up
- New believers should be connected to a local church near their home

V. **On Media:**

The Foundation must solve its media gap before the next camp. A dedicated volunteer with a good camera — or at minimum a quality smartphone — must be part of every camp team. The 5 salvations at this camp deserved video testimonials. Next time, we must be ready to capture them.

9. CONCLUSION

Kaplelach was remote. The road was rough. The numbers were small. But **5 people met Jesus Christ** in a church hall next to a forest in Eldama Ravine — and heaven rejoiced.

The Home of Light & Love Foundation went where the crowd was not, and found people who needed care, needed prayer, and needed hope. That is exactly what this Foundation exists to do.

We thank the Lord for everything. For the 61 who came. For the 25 who were prayed with. For the 5 who said yes to Christ. And for Pastor Andrew, who stood faithful at that desk all day long.

Every soul matters. Every mile is worth it.

Restoring Hope Daily. 🙏
