

ROSOGA FREE MEDICAL CAMP REPORT

Venue: Rosoga, Mogotio | Thursday, 26th June 2026

The Home of Light & Love Foundation, in partnership with **Bloom Hospital** and **Tabernacle Widows Home**, conducted a Free Medical Camp at **Rosoga, Mogotio** on **25th June 2026**. Medication for the camp was generously sponsored by **Hon. Venaline Jerop**.

QUICK STATS

Total Patients Seen	216
Cataract Cases Booked	4
ENT Cases Booked	8

SERVICES OFFERED

General Consultations, Gynecology, Eye Check-Up, ENT, Urology, Blood Pressure & Sugar Testing.

OUTCOMES & IMPACT

- **216 community members** received free medical care they would otherwise have had to pay for
- **4 cataract patients** booked for specialist surgery at Bloom Hospital
- **8 ENT patients** booked for specialist follow-up care
- Hon. Venaline Jerop's drug sponsorship ensured every patient received treatment at no cost
- Bloom Hospital's medical team delivered professional, multidisciplinary care throughout the day

NOTABLE GAP

The Foundation had **no representative on the ground** at this camp. While the medical outreach was successfully delivered through our partners, the Foundation's direct presence — for oversight, documentation, and spiritual outreach — was absent. No evangelism or Pastoral Care Desk services were offered at this camp.

RECOMMENDATIONS

- The Foundation must have **at least one representative present** at every camp conducted in its name, regardless of who is sponsoring or hosting
- The **Pastoral Care Desk** — successfully piloted at Kabarak — should be a standing feature at all future camps, including those hosted by external partners
- A **dedicated media volunteer** must be assigned to capture photos, videos, and patient testimonials at every camp

With 216 people served in a single day, the potential of this mission field is undeniable. The Foundation must show up fully — in body, in spirit, and in presence — to match it.

Restoring Hope Daily. 🙏
