170 widows made their way to AIC Church Ngolong on Saturday morning. These are women who carry grief, responsibility, and resilience in equal measure. They came, and they were received with love.

3. THE HEART OF THE DAY

The Widows Day was more than a gathering. It was a declaration — that widows in Baringo Central are seen, valued, and supported. The day brought together women from across the constituency under one roof, in one spirit, for one purpose:

Let's Rise Together. Let's Uplift Together.

The presence of **Engineer Kim Chepkoit** as special guest added weight and visibility to the occasion, signaling to the widows that people of influence stand with them.

4. OUTCOMES & IMPACT

- **170 widows** gathered in fellowship, encouragement, and community — many of whom rarely experience being celebrated and uplifted
- The event strengthened the bond between the Home of Light & Love Foundation and the widows of Baringo Central
- Tabernacle Widows Home's partnership continued to demonstrate its commitment to the dignity and empowerment of widows across Kenya
- The day created a platform for widows to connect with one another, share their stories, and leave feeling less alone

5. REFLECTION

"Religion that God our Father accepts as pure and faultless is this: to look after orphans and widows in their distress." — James 1:27

170 widows walked into AIC Church Ngolong on Saturday. Some came tired. Some came carrying burdens no one else can see. Some came not knowing what to expect.

But they came. And the Foundation was there to receive them.

This is the work. Not just medical camps and outreaches — but showing up for the widow in Baringo Central, in Kabarnet, in Ngolong, and saying: *you matter. You are not forgotten. You are loved.*

6. RECOMMENDATIONS & GOING FORWARD

- **Document individual stories** — among 170 widows, there are stories of resilience, loss, and hope that deserve to be heard and shared. A short video testimony or written story from even one widow per event goes a long way in donor engagement and public awareness

- **Regular widows gatherings** should be planned and calendared — the demand and impact are clear. 170 women came on a Saturday morning. They will come again
- **Expand material support** — fellowship is powerful, but where possible, the Foundation should explore pairing widows gatherings with practical support such as food packages, hygiene supplies, or skills training
- **Media coverage** — as always, a dedicated Foundation media volunteer must be present to document these moments independently

7. CONCLUSION

170 widows. One church. One Saturday.

And in that church, something happened that does not show up in statistics — women who carry the weight of loss were reminded that they do not carry it alone. The Home of Light & Love Foundation and Tabernacle Widows Home stood with them. Engineer Kim Chepkoi stood with them. And God, who sees every widow, was in that place.

Restoring Hope Together. 🙏
